METAL CASE BLADE MC SERIES

"This is it! If you work with a tape measure every day, this is the tape. It's accurate and reliable. I have been working with one for the past 12 years."

Appraiser, Scott

MC SERIES

METAL CASE BLADE

We know that blade protection is key to a long tape life. Our metal case (MC) keeps the blades safe. These long, fiberglass tapes have a compact, closed metal case that fits nicely in your hand. The flush-folding crank pops up for easy rewinding. If you're measuring alone, the metal catch hook is set at zero, so there's no need for a correction. These are very popular with users that primarily do interior measurements.

FEATURES < MC SERIES

- 1. Metal Crank Handle** to provide years of rugged use.
- 2. Heavy-Duty 1/2-Inch Blades** with 40,000 strands of fiberglass ensures a long life under the most demanding field use.
- 3. Double-Throat Rollers** guide the blade return and prevent the tape from twisting.
- 4. Closed, Metal Housing** protects the tape.
