

# FLOWMASTER 3

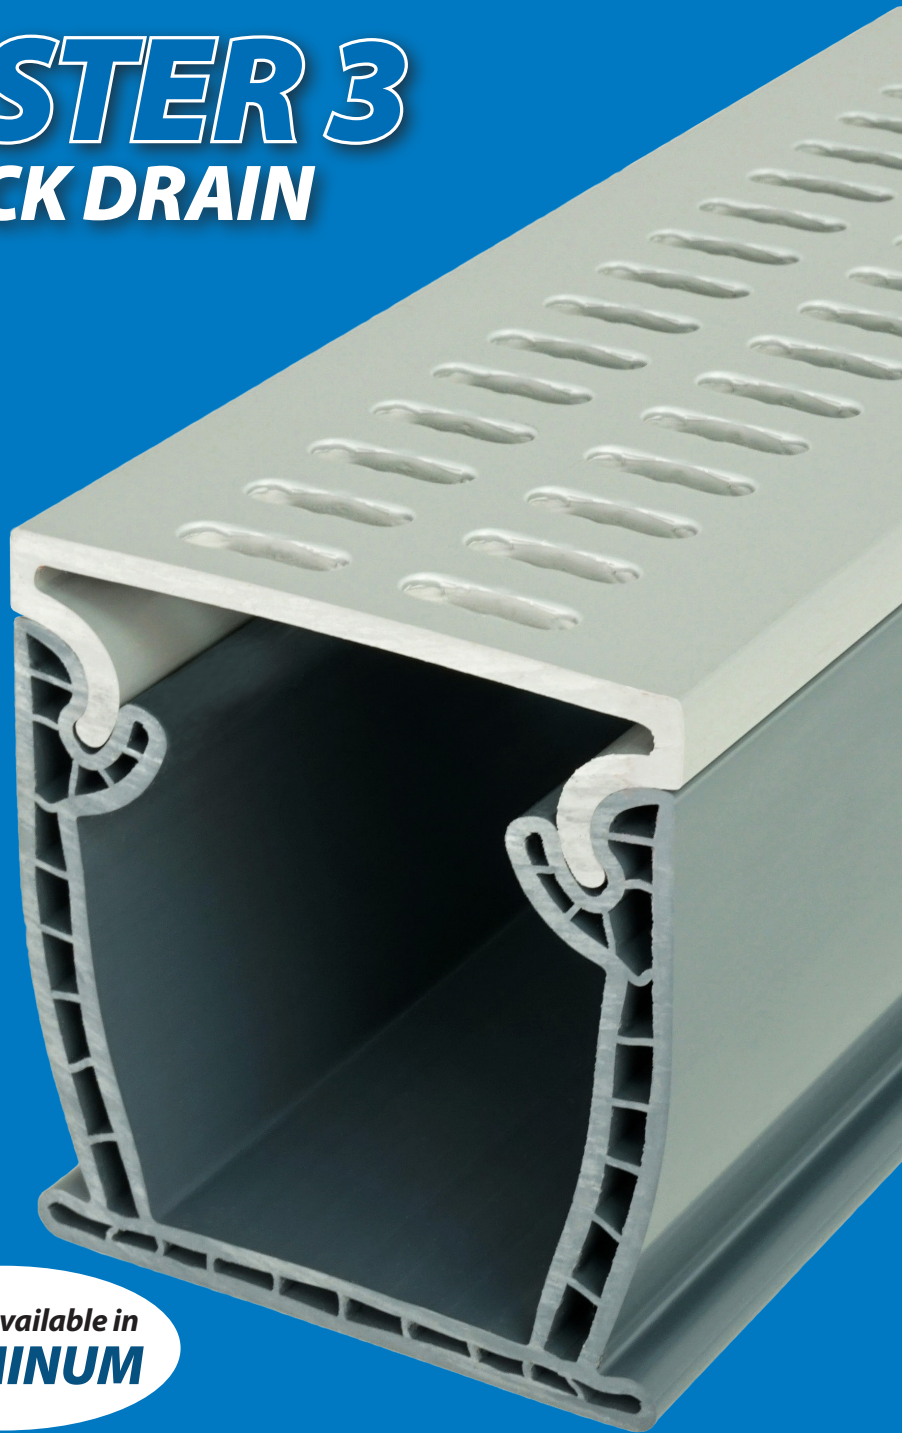

## COMMERCIAL DECK DRAIN

### #1 CHOICE FOR MANY COMMERCIAL APPLICATIONS

**FLOWMASTER 3 COMMERCIAL** is a 3" removable top drain that features a double wall base and a snap in top (PVC). When installing this drain, the tops are staggered past the joints making the joints very rigid. Because the Flowmaster 3 Commercial Deck Drain tops are removable, this drain is easy to clean and the tops can be replaced if necessary. Flowmaster 3 Commercial Deck Drain is used on many commercial swimming pools, patios, and other areas where large amounts of water need to be removed.

- **Economical**
- **Easy to install**
- **Replaceable Tops**
- **Easy to clean**

Top Cap Available in  
**ALUMINUM**

Base Only	FM3-BASE				

**CARTON INCLUDES:** 1 ea. 10' length complete with base, top cap and coupler.

## Stabilizing a Deck Drain

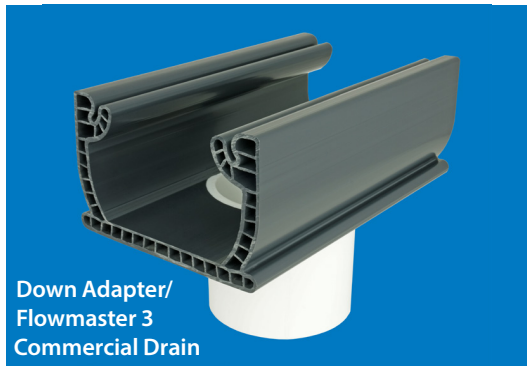

To stabilize a removable top deck drain, pin the base with  $\frac{3}{8}$ " rebar (or like material) 3 to 4 foot on centers. Pinning the drain in this manner protects the drain from movement of concrete due to expansion and contraction.

Taking this precaution insures that the drain tops can be removed for cleaning or replaced if damaged for years to come.

## FLOWMASTER 3 COUPLERS & ADAPTERS

PART #	QUANTITY PER CARTON	WHITE
