## Standard Flap Gates

## Keep damaging water out of drainage systems.

- Constructed with quality materials and has a special finish for longer life.
- Flaps for mild steel Flap Gates are galvanized up to FG15 size.

Flaps for FG15P and larger are powder coated. Mild steel attachment brackets have a durable powder coat finish. Stainless steel Flap Gates are not powder coated.

- Flap Gates do not have a gasket and are not watertight.
(Please specify type of pipe when ordering.)

This special Flap Gate is designed with an extra-wide band that catches several corrugations on corrugated plastic tubing.

Standard Flap Gates fit all PVC,
CMP, and other similar types of pipe.
